

# TOTAL SOLUTIONS

**That feeling of satisfaction—knowing you made the right decision.**

Knowing you can trust your network to Harris Stratex. Because we provide our customers across Africa with the most complete wireless transmission solutions in the industry.

Providing a wide range of local professional and support services—including network design and optimization, site builds, site maintenance and equipment installation. We expand the reach, capacity and management capability of existing networks and support new build-outs.

Innovative products, comprehensive services, unmatched support—the best of everything for your network.

**Get it all.**
