

Best in Class

Remember those kids who always had the answers?

They work here.
You could too.

Come work with us

Harris Stratex Networks is the world's largest independent supplier of wireless transmission systems. We've earned a strong global market presence through a broad, innovative portfolio of wireless transmission and network management products, solutions and services. We offer challenging career opportunities to bright people who can help us continue to grow.

Global presence

We are the #1 supplier of microwave systems in North America and a first-tier leader worldwide. We have a strong and growing presence in North America, Europe, the Middle East, Africa, Asia, the Pacific Rim and Latin America. Customers in over 135 countries have used our solutions to build their wireless communications systems.

Job opportunities

We offer a variety of challenging positions in the fields of Accounting, Engineering, Finance, Human Resources, Manufacturing, Sales, Services and support functions. We offer competitive compensation and a comprehensive benefits package. Benefits include group medical, dental and vision insurance, personal life and disability insurance, paid vacation and holidays, educational assistance and a company matching 401(k) plan.
